# SHREE GANESHA PACKAGING

WE TAKE A MULTIDIMENSIONAL APPROACH AND CONSIDER EVERY STAKEHOLDER'S PERSPECTIVE, INCLUDING OUR VENDORS TO OUR TEAM AND OUR CUSTOMERS TO THEIR CONSUMERS. THIS HELPS CREATE A GOOD VALUE PROPOSITION AT EVERY STAGE AND ENSURE THE BEST CUSTOMER EXPERIENCE IN THE END.

## CONSISTENT QUALITY

The Highest Product Quality is at the core of everything we do. A very high emphasis is given towards quality raw material, precise production process and a strong quality check.

## UNINTERRUPTED SUPPLY

We've setup and integrated the most competent and robust manufacturing and supply chain system to ensure continuous supply even for most challenging demands.

## COMPETITIVE PRICE

Competitiveness gives the winning edge. Not just competitive price, but the best value proposition is always maintained to ensure our clients have a competitive edge in the market.

## SUSTAINABLE APPROACH

Throughout our manufacturing process, from raw material procurement to production and delivery, we try to adopt most possible green methods to ensure good sustainability.

# BOPP TAPES

Plain Tapes

Brown Tapes

Transparent Tapes

BOPP tape film is extensively used for self-adhesive tape applications. Flame treatment is preferred on such films to retain the surface treatment for longer periods.

# PLAIN COLOURED TAPE

# PRINTED & CUSTOMISED TAPE

Our Printed Tapes provides high aesthetics and visual branding required for that extra mileage you can take through packaging .Customized in-house printing gives you complete freedom of design.

# BOPP TAPE

BOPP Packing Tape  
Printed BOPP Tape  
BOPP Stationary Tape

# PVC FLOOR MARKING TAPE

Applications - Marking on the floor for Industrial Identification, Colour Coding, Aisle Marking and Bundling.

# STRETCH WRAP

Stretch wrap or stretch film is a highly stretchable plastic film that is wrapped around items. The elastic recovery keeps the items tightly bound. In contrast, shrink wrap is applied loosely around an item and shrinks tightly with heat.

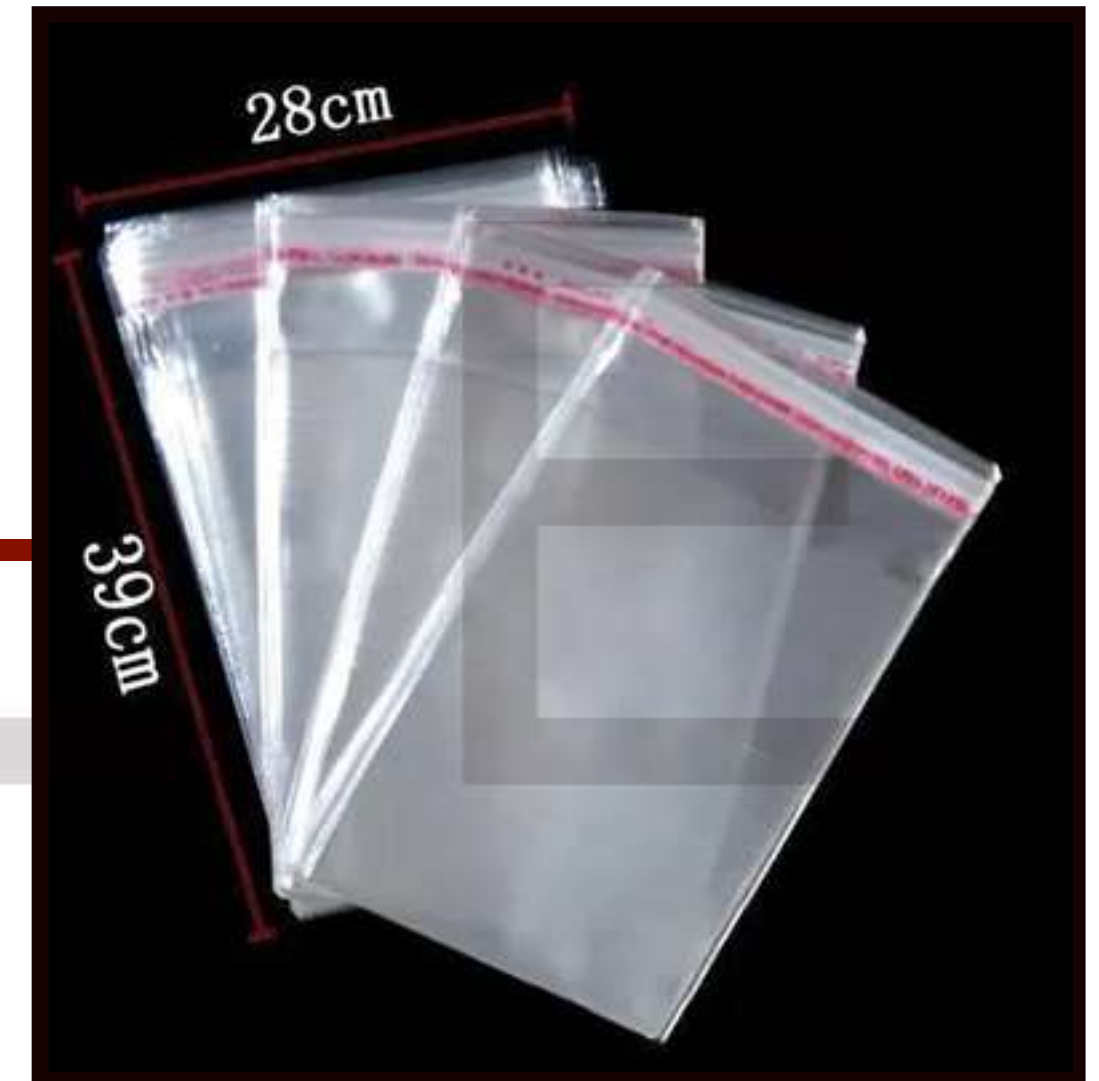

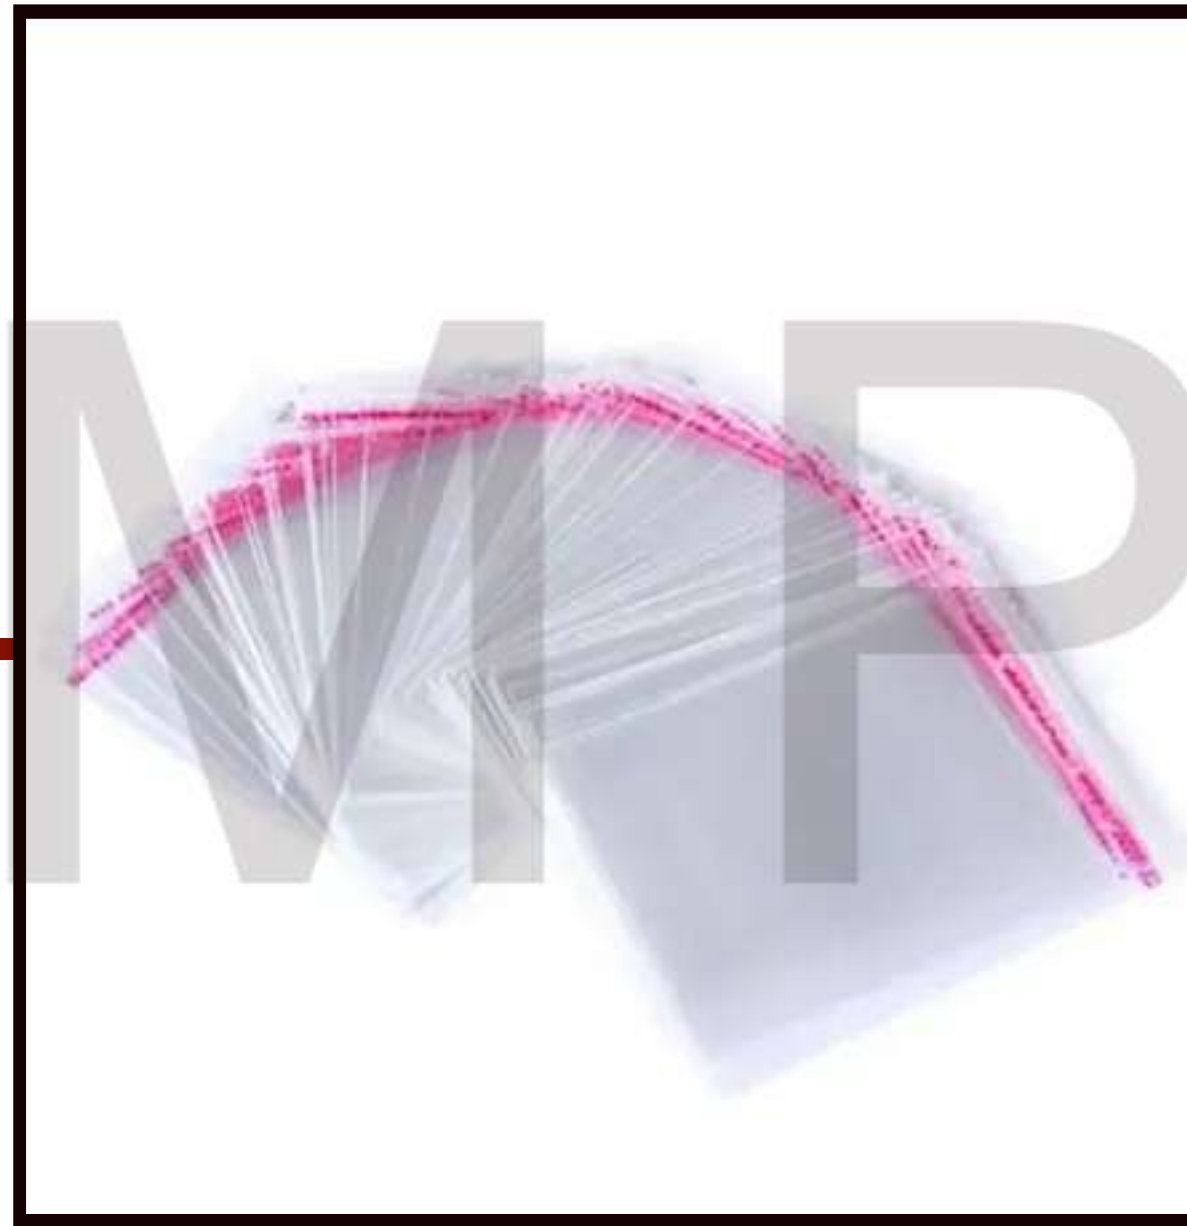

# STRAPPING PATTI

Polypropylene strapping is made from lightweight plastic material and is used for fixing loads to pallets or bundling items for shipping. It is the most common type of plastic strap and the most economical.

# BOPP BAG

Biaxially Oriented Polypropylene (BOPP) Film is produced by stretching a polypropylene cast film both in the length and width directions. BOPP bags are a versatile, durable, and cost-effective packaging solution for dry goods.

# LOW DENSITY BAG

LD or LDPE Poly Bags is short for Low Density Polyethylene, is a clear open end bag.

# COURIER BAGS

Mailer bags are useful for those who are selling their products online. Our bags have a tamper evident adhesive seal so your customer can be assured that their products are safe and have not been tampered with.

Our bags are white on the outside and black on the inside and are not see through.

# GARBAGE BAGS

**Material Characterstic** - Garbage Bags are used to craft Rain Collector Barrel. These are commonly found in kitchen's drawers and/or any kind of bin, indoors or outdoors. You can use it as a container if you hold it on your hand.

Our firm engages in offering a high quality range og Garbage Bags to our esteemed Clients. These bags are
